**READING 2 (Items 5–10)****(6 marks)**

Read the text. Then complete the task.

Nowadays, watching movies is an amazing activity to relax for many people especially after a hard working day. Although I have many film DVDs at home, I still prefer watching films at cinemas.

First, I enjoy the bigger screen and louder sound .Although I have a TV which can play my DVDs, but I do not have enough money to buy a modern and fashioned system of projector and loudspeakers which is sold at a high price at store. Furthermore, I know that cinemas always develop the quality of their films, so the images and sound in cinemas are usually perfect.

Second, I prefer going to the cinema to go out of my house and enjoy with friends. So, I always wait for weekends to relax and breathe the cool breeze of the night.

The third reason is to watch the film with many people. When watching the film in the cinema, one can laugh, cry and even be scared about the film with people all around him. He can talk freely with others about the film and the characters, which makes the films even more interesting than at home.

In my opinion, watching films in cinemas is preferred to watching them at home because of the above reasons. Today, cinemas are trying to improve the standard of their films. Many technologies are developed to make the audience feel as real as possible, and this makes watching films at cinemas an impossible chance to miss.

For each item, shade in the bubble next to the correct option.

5. The writer _____ watching films at cinemas.

7. The pictures and sound in cinemas are usually _____.
