**READING 2 (Items 5–10)****(6 marks)**

*Read the text. Then complete the task.*

In the past, wonders of the world were buildings such as Taj Mahal, the Pyramids of Egypt and the Great Wall of China. Many people thought that the Great Wall of China was the best. It is the only man-made object that can be seen from space.

I believe that today's wonders are different from the past wonders. The internet is one of the most important wonders of the modern world. More than a hundred million people use it to communicate and get information. In 2000, there were only five hundred web pages. Today there are millions.

Another amazing wonder of the modern life is the planes that can take us anywhere in a faster way. But for me I prefer trains because I can see beautiful places while travelling by them.

The Olympic Games that started in Greece are also one of the exciting modern wonders. Once every four years, sports people from different countries participate in them. The Olympic games took place in America more than any other country. I was really excited when they also introduced Youth Games for young people aged 10 to 18 years in 2010 in Singapore.

For me, I think what's changed my life more than any other wonder is the washing machine. It is the best invention ever. It does the work for you in a very short time.
